

Get tested if you have symptoms of COVID-19

COVID-19 is an infectious viral disease. You should get tested at a health care centre (vårdcentral) if you have symptoms. Getting tested for COVID-19 is free of charge.

When should I get tested?

Get tested if you have symptoms that could be caused by COVID-19. Here are some common symptoms:

- cough
- fever
- sore throat
- runny or stuffy nose
- loss of smell or taste
- headache
- muscle aches
- nausea
- stomach pain
- diarrhoea
- difficulty breathing
- tiredness.

Order a test

Contact a health care centre (vårdcentral) to book a test.

Protecting yourself and others

It is important to follow the recommendations issued by the authorities to protect yourself and others from being infected by COVID-19.

- Wash your hands often.
- Keep a distance and avoid crowds.
- Meet as few people as possible.
- Stay at home and get tested even when you have only mild symptoms.

More information
